

CURRICULUM VITAE

Giovanni DI FOLCO

BSc., Civil Engineer
Adjudicator, Arbitrator &
Expert Witness
(Delay & Quantum)

Mobile: +40 743 046 910

giovanni.difolco@giovannidifolco.com
or giovanni.difolco@technoeng.com

STRENGTHS:

- Member of FIDIC President List of Certified Adjudicators;
- FIDIC Certified Adjudicator;
- FIDIC Member & Accredited Trainer;
- Project & Contract management expertise;
- Estimating, planning, cost analysis and contract administrative proficiency;
- Computer literacy;
- Safety management awareness;
- The ability to liaise effectively at all levels;
- Technical skills in the writing of causation analyses, technical-QA/QC reports / procedures, specifications and method statements;
- Design-Bid-Build, Design-Build, EPC, PPP, BOT, BOOT, Fast-Track, Partnering and Value Engineering knowledge;
- Project Planning/Scheduling, Claims Management/Resolution and Project Control;
- Knowledge of all FIDIC Conditions of Contract;
- Familiar with N.O.S.A. internationally acclaimed safety guidelines;
- Accomplished in Microsoft Excel, Word, PowerPoint, Microsoft Project, Primavera P3/P5/P6 and AutoCAD;
- Adept in packages for the evaluation of road pavements: Ekonopt, Surf, Winplus, Kenlayer, Kenslab, Airpave and DCP;

Foreword:

Giovanni Di Folco is a highly motivated expatriate **Civil Engineer, Dispute Board Member, International Arbitrator and Expert Witness** (Delay & Quantum) with nearly 40 years of professional experience. He is a **Member of the FIDIC's President List of Certified Adjudicators**, a **FIDIC Certified Adjudicator**, a **FIDIC Member and Accredited Trainer** and **Visiting Professor at Polytechnic of Milano University, Italy**. He is also the **Vice President** of the Romanian Associations of Consulting Engineers (**ARIC**), the **Past President** of the Dispute Resolution Board Foundation Region 2 Board (**DRBF**) and the **Vice President & Treasurer** of the **European Court of Arbitration – Romanian & Moldova Chapters**. He is experienced in Project & Contract Management and Dispute Resolution, and is a Claims' Expert (Delay and Quantum) with extensive international experience gained in multi-disciplinary Civil Engineering Projects in *Italy, Norway, Sweden, Algeria, Ethiopia, Iran, Libya, South Africa, Kingdom of Lesotho, Sultanate of Oman, Qatar, UAE, Uzbekistan, Tajikistan, Kazakhstan, Greece, Bulgaria, Albania, Moldova, Turkey, India, Vietnam, Panama, Canada, Chile, Peru and Romania*, who attained professional recognition over the past thirty five years of experience in Civil Engineering and Disputes Resolution. He has demonstrated acumen for construction and design engineering and management at all levels, has an acute awareness of cost control and project planning, ability to provide an immediate and calculated response to situations both in the financial and technical sectors of the profession, who possesses proven ability to sustain responsibilities from high level management through to operational level. He possesses an openly communicative disposition at every level of management, with Consultants, Contractors, Owners/Employers, Government Officials, Banking and Insurance Institutions and has earned the respect and trust of many parties involved in this complex and demanding industry at every level over the years. He has an acute awareness of specific Country and International Law, the importance of quality and safety and the moral and legal responsibilities that they impose. Although a Specialist Pavement Engineer by profession, the international experience gained has enabled the development of his wide diversity of skills in Contract, Delay and Quantum Analyses, Planning Engineering, Construction law, Claims, Adjudication and Arbitration.

Education:

- BSc Degree in Civil Engineering
Major in Civil Engineering. Minor in Highways and Pavement design.

General experience:

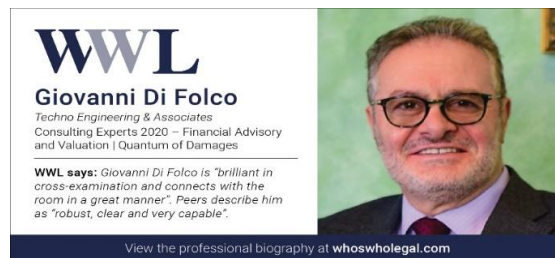

- Adjudication and International Arbitration;
- Project/Contract Management and Contract Administration and Claim Resolution under international standards;
- Mechanistic-Empirical Pavement Design, Road/Pavement Management;
- Rehabilitation of High and Low Volume roads (Pavement Design and Construction);
- Land & Quantity Surveying and Roads Design/Construction in General;

- Soil stabilization techniques with conventional and alternative chemical products;
- Bulk earthworks management, deep in-situ impact compaction techniques;
- Alternative Road Surfacing: Slurry/Cape Seals, Stone and Sand Seals, Micro-surfacing and Asphalt technology (Design, manufacturing and application);
- Laboratory and Geotechnical soil mechanics analysis, testing, evaluation & investigation;
- Pipelines, dams and roller-compacted concrete technology;
- Structural concrete works (bridges, reservoirs & foundations), concrete repairs and construction chemicals choice and application knowledge;
- Tunneling construction, boring and blasting;
- Water/sewer waste treatment and reticulation works;
- Design and Construction of Roads, Motorways, Railways and Airports;
- High Voltage Power lines and substations' civil works and erection experience.

Recent quotes from the Legal Directories include:

- *“Global Leader and one of the World’s leading practitioners in the field of Consulting Experts 2020 – Giovanni Di Folco is brilliant in cross-examination and connects with the room in a great manner. Peers describe him as robust, clear and very capable” – Who’s Who Legal 2020 Experts – Financial Advisory and Valuation – Quantum of Damages*

- *“World’s leading practitioner in the fields of arbitration, adjudication and expert witness in delay and quantum – Arbitration 2021. He has a tireless commitment to his clients, a deep knowledge of the construction sector and commercial acumen. He is articulate both orally and in writing, which makes him a foremost practitioner in his field. He is meticulous in his preparation and knows how to make a point without overstating it.” - Who’s Who Legal 2021: Arbitration Expert Witnesses – Delay and Quantum*

- *“Among the world’s leading lawyers and experts in Arbitration. He is one of the finest tactical minds I have ever seen. He is an astute engineer and a skilled advocate, particularly on technical construction issues. Giovanni is committed to achieving the best results possible for his clients. He is a master of cross-examination.” - Who’s Who Legal 2022 - Arbitration Experts*

Claims Preparation / Resolution / Expert Witness Experience:

- Principal claim expert (Causation, Delay and Quantum Analysis) and/or Expert Witness during the preparation and resolution of over **two thousand** claims for Extension of Time and compensation for disruption, prolongation, acceleration and damage during the period 2004 to 2025.

Dispute Adjudication Experience:

- Adjudicator/Dispute Board, and/or Counsel and/or Delay Expert and/or Quantum Expert while deciding or representing/defending various International Entities or Clients during **more than one hundred twenty** International Dispute Adjudication Procedures under FIDIC Red, Pink, Yellow and Silver books, 1st Edition 1999, and 2nd Edition 2017 during the period 2004 to 2025.

International Arbitration Experience:

- Counsel or Arbitrator or Forensic Delay and/or Quantum Expert during International Arbitrations under the International Chamber of Commerce (ICC) and UNCITRAL Rules in **more than one hundred** Domestic and International Arbitration procedures, during the period 2004 to 2025.

Project Management Experience:

- Involved in Project Management since 1986. Experienced planning engineer covering both the contracting and consulting industries. In-depth knowledge of network scheduling techniques and Critical Path Methods for the planning and management of projects and resources in construction practice. Experienced in Risk Analysis and Risk management. Knowledgeable with Work Breakdown Structures (WBS) planning techniques. Expert in the preparation of Project Management Plans. Accomplished in the use of Project Management software such as Primavera P3/P6, Sure Track, TSP, Monte Carlo, MS Projects and Expedition. Over the years was involved with managing, organizing and staffing project offices, teams and construction sites, pricing and estimating, cost control, trade-off analysis, risk management, quality management, contracts and procurement. Experienced in the assessment and

mitigation of delays, claims and compensation using methodologies such as: Time Impact Analysis, Retrospective Delay Analysis, As-Built vs As-Planned and Collapsed As-Built Analysis.

Memberships, Fellowships and Academic affiliations:

- Listed as arbitrator with the SCC Arbitration Institute;
- Listed on the FIDIC President List of Certified Adjudicators;
- Member and Vice President of Romanian Association of Consulting Engineers (**ARIC**)
- Listed on ARIC President List of Romanian Adjudicators and Experts;
- Fellow of Dispute Board Federation (EU);
- Past Director and Past-President of Dispute Resolution Board Foundation Region 2 (USA);
- Director of Italian Chamber of Commerce for Romania;
- Fellow of Prime Dispute;
- Member of Project Management Institute (USA);
- Member of American Concrete Pavement Association (USA);
- Visiting Professor at Polytechnic University of Milan, Italy. Teaching international adjudication and arbitration, contract management, delay and quantum analyses;
- Director of Italian Society of Construction Law.

Awards:

- Primavera Inc. Man of the Year Award (received in Romania in 2007) for excellence in contributing to planning and delay analysis using the Primavera Software. Issued by Primavera Inc. USA in association with TotalSoft Romania;
- Win of the Year 2003 Award. Issued by Parsons Group USA in Appreciation for Outstanding Leadership and Performance.

Authoring of Technical and Legal Papers and Books:

To promulgate Project & Contract Management, Civil Engineering and Dispute Adjudication matters, Giovanni Di Folco over the years has authored manuals, procedures, agreements, technical reports and presentation papers, which are listed below:

- ***Guidelines Report for the Preliminary Land Surveying of Dam Sites***, edited in South Africa in 1988; (*International Article*)
- ***Quality Management Manual for Sub-Station Civil Works and The Refurbishment of Indoor Sub-Station Buildings***, edited in South Africa in 1994; (*Manual*)
- ***Project Management/Construction Manual for Site Managers and QA/QC Engineers***, edited in the Sultanate of Oman in August 1995; (*Manual*)
- ***Sub-Contract/Vendor's Agreement for the Sulphonate Petroleum Products Treatment and Slurry Seal Surfacing of Unpaved Roads on behalf of Petroleum Development Oman (Limited)***, edited in the Sultanate of Oman in August 1995; (*Manual*)

- **Alternative construction methods by using Deep Impact Rolling Techniques**, edited in South Africa in 1996; (International Article)
- **QA/QC manual for the stabilization of unpaved roads**, edited in the Sultanate of Oman in August 1998; (Manual)
- **Compendium for the design and supervision of gravel wearing course stabilized with an Ionic stabilizer**, edited in the Sultanate of Oman in January 1999; (Manual)
- **Report on the causes of early cracking and remedial measures to the concrete pavement from km 14+446 to km 25+320 - Carriageway II of Bucharest to Constanta Sub Section 1 Motorway - Romania**, edited in Romania in September 2003; (Expert Report)
- **Contract Management presentation regarding FIDIC Red Book**, edited in Abu Dhabi for Parsons Group Pasadena (USA), International Management Meeting, February 2004;
- **Project & Contract Management and preparing for claims** - Presented at Challenges of International Contracting in Romania Workshop, November 2006; (International Article)
